Manage expenses and claims straight from your ERP

As an end-to-end business management platform, our goal is to make it easier for your business to get more value from Wiise and avoid costly customisations. Our ProSpend* integration is just one of the ways this becomes possible for you.

Automatically sync expenses and claims and gain control over your entire accounts payable process with our ProSpend integration. Streamline your entire accounts payable process and get better visibility over your finances.

*Formerly known as expensmanager, ProSpend rebranded in 2023

Streamline invoice and expense management

Streamline your accounts payable by connecting your credit cards, cash expenses and invoices straight into your finance system. See your entire spend in the general ledger and plan and budget accurately.

Save time and reduce errors

Minimise double-handling of data, reduce data entry errors and automate manual processes with the Wiise ProSpend integration.

Make auditing and tax reporting easier

With each purchase invoice and journal entry in Wiise feeding back into ProSpend, you can keep better track of documents and know exactly where all your information lives.

Partnering with ProSpend

To help businesses streamline the way they manage expenses, we've partnered with leading spend management and AP automation platform, ProSpend[^].

By integrating ProSpend with Wiise, you can reduce the time it takes for your accounts team to manually update data while allowing staff to upload expenses on-the-go.

About ProSpend

ProSpend, formerly known as expensmanager, is a platform designed to manage expenses, supplier invoices, purchase orders and travel spend. With ProSpend you can leverage smart automation to get better visibility and control over your entire accounts payable process. ProSpend is designed, developed, and supported locally in Australia.

[^]Please note Wiise receives commission for all ProSpend referrals.

What can ProSpend do for my business?

ProSpend helps you automate every step of the expense claim process. So your people can spend less time on paperwork and more time on their core responsibilities.

From card claims to a handy tax wizard, check out the key capabilities in ProSpend.

The screenshot shows the 'MY CLAIMS' interface with the following data:

ID	TYPE	DESCRIPTION	AMOUNT	STATUS
2255	Visa Claim	01/08/20 - 31/08/20	1069.20	Ready
2253	Visa Claim	01/07/20 - 31/07/20	159.00	Processing

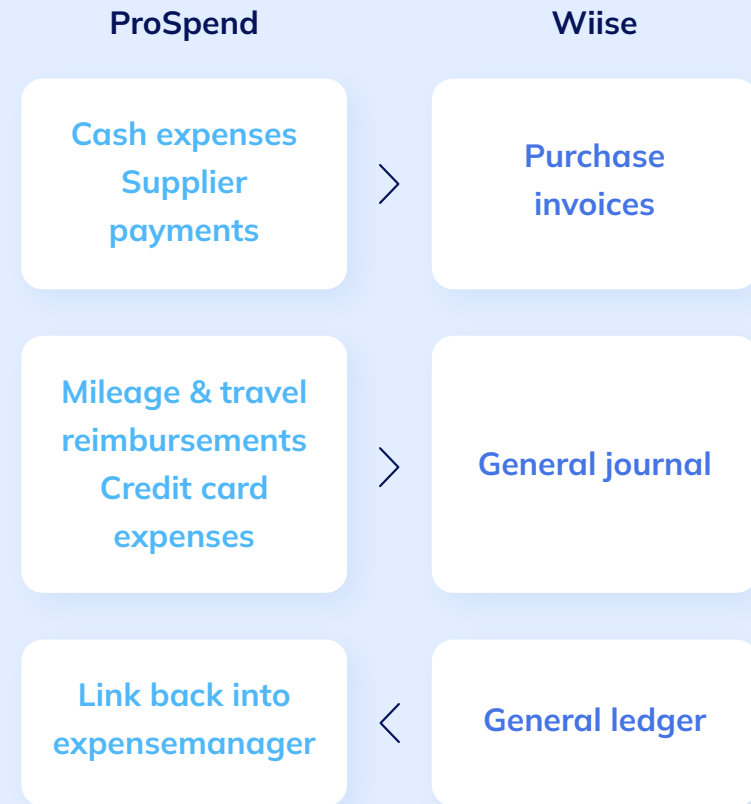

Below the table, there are icons for various payment methods: a blue and orange card, a dark blue card, the AMEX logo, a red card, a tan card, a black card, a green card with a tree icon, a dark teal card, a green card, and the CSV icon.

- Card claims
- Split expenses
- Spend reporting
- Approvals
- Audit trail
- Supplier payments
- Budget tracking
- FBT & Tax Wizards

What does the Wiise integration look like?

Our ProSpend integration allows your expense claims information to flow seamlessly through to Wiise. You won't have to worry about manually entering data or uploading any files. The integration will automatically sync your data to give you better visibility over your spending.

- ✓ Sync your spend data directly into Wiise
- ✓ See cash expenses as purchase invoices
- ✓ View credit card claims as journal entries
- ✓ Reduce double-handling of data and errors
- ✓ Streamline your accounts payable processes and save time

Note: Any jobs you've set up as 'dimensions' in ProSpend will flow through to Wiise.
